

QUALITY MANUAL.

3.2 QUALITY POLICY.

It is the policy of GEE GRAPHITE LIMITED to provide our customers with products and a level of service which fulfil their specified requirements and are fit for their intended use.

Our aim is to be fully competitive in terms of price and delivery and superior in terms of quality when compared with other companies involved in the manufacture and supply of gaskets and sealing systems or the provision of water jet cutting services.

The following principles must be applied throughout the Company:-

1. Full commitment of all Personnel to the Quality Policy, allied to an active involvement in quality improvements in line with specified objectives.
2. The understanding by all employees of the long-term importance of achieving customer satisfaction by providing a consistent high quality of product and service.
3. An appreciation that consistent quality can be achieved only by ensuring control at each stage of the process.
4. An acceptance that nothing shall be allowed to undermine or compromise the quality of workmanship and the aim will always be:

"Right First Time – Every Time"

A company-wide Quality Assurance System is in operation designed to comply with the requirements of ISO 9001 and any other relevant standards and the Technical / Quality Manager has the direct responsibility for the maintenance of the system whilst the overall monitoring and reviewing of the systems rest with the Managing Director.

We are fully committed to a policy of setting specific objectives aimed at achieving continual improvement of the Quality Management System.
